Cotemporaneously with the telegram sent from Atlanta that the cities were lifting their quarantine against Atlanta because of a case of yellow fever, Wilmington officials announced that she had quarantined the Georgia metropolis. Atlanta in a spirit of bravado invited yellow fever refugees to go there and probably has all she wants now.

It is announced that "the State of Georgia has quarantined against the Mexican Boll weevil." If the boll weevile is liable to bring disease he should be quarantined but as his long suit is to emigrate from one locality to another the Chinese exclusion act is what ought to be enforced against him, her or it.

A man employed in one of the Departments at Washington was under suspicion but recently his chief gave out a statement exonerating him. The Secretary of Agriculture did the same thing for some of his attaches but they went back on his exoneration. Therefore, we take with a grain of salt a certificate of character issued at Washington.

Raleigh pulled off a fiddlers' convention on Monday night and it was a big success. The players were old time fiddlers and they played old time pieces, but no such programme is complete without a proper rendition of "Old Dan Tucker," "Jimmy Suttonty," "Sugar in the Gourd," "Sal's in the Garden Siftin' Sand," "Cotton Eyed Joe," "Great big fat gal," and others which the tobacco wagoners were wont to saw out when time was that they camped at the cross roads.

THE C..NTY BOARD

New Hanover Commissioners in Regular Monthly Session Yesterday Afternoon

VILLAGE AT CASTLE HAYNES

Hugh MacRae & Co.'s Work of Development—Tax Books Placed in Hands of Sheriff For Collection—Other Business.

The Board of County Commissioners was in regular monthly meeting yesterday afternoon at the Court House, Chairman McEachern presiding and all other members of the Board being present. The tax books for the ensuing fiscal year were formally received from Mr. W. A. Williams, the compiler, and then turned over to the sheriff for collection; jurors as will appear in another column were drawn for the three weeks of Superior Court convening Sept. 25th, and much other business of a routine and unimportant character was transacted.

Application of Maj. E. W. VanC. Lucas, general manager of the Engineering Department of Hugh MacRae & Co., for a change in the road, making it conform to the plat of a village which the company has laid out at Castle Haynes for development, was read. Maj. Lucas appeared in person and explained that the road is entirely on the lands of the petitioner and that the distance by the new road would be only about 200 yards. The matter was referred to the Road Committee with power to act. Maj. Lucas said during the course of his talk to the Board that within the next two or three years the company would be disappointed if it did not develop a very nice little town at Castle Haynes.

Communication from Mr. John F. Garrell stating that in the survey of the Jones property, corner of Second and Princess streets, which he recently purchased, it was found that the western wing of the old Court House is built seven feet and half an inch over the line. He offered the county $100 per foot for the remainder of the wing or said he would sell the seven feet to the county at the same price per foot. The matter was referred to the county attorney.

Upon recommendation of Tax Lister John D. Woody, property of George Harriss, adjoining lands of F. Herbst, in Harnett township, was valued for taxation at $350.

The report of County Road Superintendent R. A. Chadwick was read. Thirty cars of rock were used during August, 500 yards of Macadam were completed and 200 yards of road were graded.

The report of the Superintendent of Health was read and filed. Eight cases of smallpox, one of diphtheria and two of scarlatina were reported during August, three of the smallpox cases having been outside the city limits. The convict camps and County Home were reported in fine sanitary condition, but it was recommended strongly that the bath tub in jail be put in order at once. A few chills and fevers occurred in the Castle Haynes camp. Martha Flowers, a colored insane patient, died of exhaustion at the Home during the month. On motion of Mr. Vollers, the Superintendent was granted a vacation of 15 days the latter part of September.

Rev. John R. Marshall, an ex-Confederate soldier, was allowed to peddle without license.

Messrs. Bellamy & Bellamy reported the net collection of $175.08 in back taxes during August.

Mr. H. M. Chase appeared before the Board and asked what had been done as to his application for a reduction in the tax valuation of the Wilmington Cotton Mills. The Chairman explained that the Board was legally advised that it had no power to reduce the valuation.

Report of Mr. F. A. Montgomery, keeper of the County Home, was read and filed. There were 14 colored and three white inmates Sept. 1st. In the work house there were 10 convicts—three males and seven females.

Request of Dr. James Carmichael for an appropriation of $10 to be used in a work of charity and reformation, was allowed from the outdoor poor fund.

Commissioner Divine was requested to get estimates and plans for a new "block book" of property in the city and county and to report to the Board as early as convenient.

It was ordered that $15,000 be transferred from the General County Fund to the Permanent Road Fund.

The Chairman was authorized to offer a reward of $50 for evidence to convict any person or persons, who has or may cut or injure the stock law fence between the counties of Pender and New Hanover.

The tax books were transmitted to the sheriff calling for collection of taxes as follows:

State	$27,037.78
Schools	26,027.46
County	46,364.32
Total	$99,429.56

It was ordered that the Sheriff collect single, instead of double tax on delinquent property if the tax is paid by the first Monday in October and after that date, collect double on all remaining delinquent property.

The Board adjourned subject to call of the chairman.

ARMORY FOR RESERVES

County Commissioners Will Probably Give Site for Handsome Structure Between Court House and Jail.

Arrangements are already under way by which Wilmington Division of Naval Reserves hopes in the near future to possess an elegant new armory to cost in the neighborhood of $10,000 or $15,000. The last Legislature provided a special act empowering the Board of County Commissioners to donate a site to the Reserves for armory purposes, and with that in view Lieut. H. M. Chase, commanding the Division, appeared before the Board of Commissioners yesterday afternoon and incidentally gave notice that in the near future he would make formal application for a site for the new armory on Princess street, between the new Court House and and County jail. Mr. Chase said an armory fund had already been started and the Reserves proposed to erect a handsome structure. He pointed out that the close proximity of a military company to the jail was especially desirable and the opinion was expressed that the desired concession would probably be granted.

It is furthermore in the range of probability that the Commissioners will in the near future remodel and improve the old Court House building, so as to increase its renting value and make it correspond to the handsome I. O. O. F. building on the east and the two new buildings to be erected on the west by Mr. J. M. Bunting and Mr. Jno. F. Garrell.

Regular Monthly Meeting of Board of Aldermen Held Yesterday Afternoon

THEY CONDEMNED A BRIDGE

Three New Public Pumps—Favors System of Sewerage—Revise Ordinances and Charter—Streets and Wharves Department.

The regular monthly meeting of the Board of Aldermen, postponed on account of Labor Day, was held yesterday afternoon. A variety of subjects were discussed but no action was taken upon any matter of great importance. The meeting was called for 4 o'clock but the members were slow in assembling and it was 4:15 when all had taken their seats inside the enclosure except Alderman Moore, who did not reach the hall until late, and Alderman J. A. Karr, who is on a business trip to New York. Mayor Waddell called the meeting to order and after the minutes of the preceding regular meeting were read and approved business was entered upon with the calling of regular monthly reports from standing committees.

Chairman W. H. Yopp, of the Finance Committee, reported that the claim of W. S. Walker for refund of a small amount of taxes had been withdrawn. The tax on graphophone dealers, which was referred back by the Board of Audit and Finance, was stricken out as it subsequently developed there were no exclusive dealers in such instruments in the city. Tax on warehouses, which matter had also been referred back by the Finance Board, was modified, imposing a license of $15 per month on warehouses receiving or storing merchandise for hire, provided the tax does not apply to warehouses paying an equal or larger tax under some other head. In order to reach the mixing plant of Armour & Co., on the S. A. L. premises, which was declared a nuisance by Mr. Yopp, a license tax of $25 per month was imposed on all mixers and manipulators of fertilizers, not engaged in manufacturing.

Chairman O'Brien made report for the Streets and Wharves Committee, prefacing what he had to say by thanking the Mayor and members of the Board for the kindly consideration shown him during his recent absence abroad. He said the machinery at the rec.. ..rry would be ready about thre.. ..ence and the city would be .. ..terial for the improve.. ..ts within five or six

The Mayor then had .. unsafe half of the way blocked o.. and the agent of the Seaboard Air Line was notified so that the city would be relieved of responsibility in case of accident. The railroad agent was also notified to place a new bridge over the tracks at once or make substantial repairs to the old one. City Engineer P. Matthew, who was present, said he had inspected the bridge and it was absolutely unsafe for any heavy traffic. Fire Chief Chas. Schnibben was also present and asked what was to be done in case of a fire at the several lumber mills in that locality, as the bridge is the only approach to that section of the city. Mr. W. H. Yopp thought temporary supports might be put under the bridge so that it could be used for the time being instead of shutting it up altogether as had been suggested. Mr. O'Brien moved that the whole matter be left with the Mayor, who said he would direct the superintendent of streets to at once make temporary repairs at the expense of the railroad and that he would notify the S. A. L. authorities to put the bridge in permanent repair at once under penalty of the law. Capt. T. D. Meares, clerk of the Board of Audit and Finance and formerly with the Seaboard as general agent here, stated in response to an inquiry that the Supreme Court had held that the railroad must maintain the bridges, which would be an easy matter in 24 hours, if the officials were so disposed. The Mayor was about to order the entire bridge blocked and said he would take the matter up with the railroad at once. In the meantime, in case of fire, the fire apparatus will get across the tracks in the best way they can. Alderman King suggested an airship and Alderman Brown suggested a flat and the river route.

Alderman O'Brien said he would look into the repair of the wharves back of the new market and on the east side of the Brunswick ferry; also, a suggestion by Alderman W. H. Yopp that some of the wooden shutters over cellars on the sidewalks down town were dangerous. Mr. O'Brien said the Ordinance Committee might draft a law requiring such shutters to be of iron.

The Mayor announced that Aldermen P. Q. Moore and W. E. Yopp had mutually agreed to an exchange on committees by which Mr. Moore would go to that on Police and Mr. Yopp to the Fire Committee.

Chairman Rathjen reported that the committee had received bids for a fire boat, but had reached no conclusion.

Have Public Pumps.

Mr. W. E. Yopp, of the Public Building Committee, reported that plans were being arranged by which he thought the city would be able to instal a hydraulic ram, giving a continuous flow from the city pump, the machinery to be driven by a small motor. Alderman Johnson offered a resolution which was carried, appropriating $500 for three deep wells, similar to the City Hall pump, the same to be located at Fifth and Castle, near Front street market and at Fourth and Campbell streets. Mr. Johnson felt reasonably certain the Board of Audit and Finance would concur in the appropriation and that ultimately two other wells in other sections could be provided.

Favors Sewerage System.

Alderman W. H. Yopp offered the following resolution which was unanimously adopted: "Resolved, That this Board go on record as favoring an up-to-date, scientific system of sewerage and do hereby empower and request the joint committee, now considering a water plant, to ascertain the probable cost of installing sewerage to cover the entire city, said committee to report to this Board the information it secures together with such recommendations as they deem proper so that this Board may take action."

Chairman King, of the Market Committee, asked the Public Building Committee for certain repairs to the new market and the Light Committee for the installation of some incandescents. He also called up a petition from H. T. Craig, J. C. Walton, J. F. Cumber, J. H. Hettleman and other private market keepers, asking that their license be reduced from $100 per year, payable in advance, to $50 per annum, payable quarterly in advance. The matter was referred to the Finance Committee.

As to City Cars.

Alderman Price, chairman of the Ordinance Committee, offered by request, the following which was unanimously adopted, after some discussion:

Be it ordained by the Mayor and Board of Aldermen of the city of Wilmington: That the cars of the Consolidated Railways, Light & Power Co., running on Front street, when approaching Front and Princess streets, shall stop at the far crossing, the rear end to be on line of said crossing. Should one car arrive at junction in advance of the other car, the same may stop temporarily in center of Princess street, and shall immediately upon the arrival of the other car take its position as above stated. All persons, firms or corporations violating this ordinance shall be fined $5.00 for each and every offence."

Mr. O'Brien saw no use of doing more than calling General Manager Skelding's attention to the desired change. He would gladly comply with any reasonable requests of the Board. Mr. Johnson spoke of the present dangerous method of handling cars at the junction and Mr. Rathjen pointed out that the congestion of traffic there might result seriously should the Fire Department have occasion to run through the closely blocked street. The ordinance, however, was unanimously passed.

In this connection, Mayor Waddell said Mr. Skelding just before the meeting had called him up to say over the 'phone that he had read considerable in the newspapers about double tracking in the city, but that he had never made any application for such a privilege and it was by no means certain at the company ever would. Sub.. ..ently during the meeting a pro.. ..against double tracking Princess was presented and one from ..ttee of the First Baptist to Market street, was pre.. the papers were merely ..e reference.

Communications were read completion of the call of stand.. committees. H. T. Craig was grante.. license to conduct a private market at 817 North Fourth street—the "Brooklyn Market."

Registrars and judges of election for the late city primary sent a petition saying that they had been paid only half of the amount due them for their services by the Democratic Executive Committee and they would be glad for the city to pay the balance. City Attorney Bellamy explained why the Board of Audit and Finance had disapproved the bill and the application of the primary officers was merely filed.

Applications of Thorpe & Applegate and Capt. E. D. Williams for building small boat houses on the river front were referred to the Streets and Wharves Committee and subsequently to the Fire Commission.

Upon motion of Mr. Johnson it was ordered that future regular meetings of the Board be held at 8 P. M., instead of in the afternoon and that special meetings be held only after written notice of 24 hourse to each member.

Upon motion of Mr. Johnson, the City Attorney was instructed to push the collection of license tax against the Southern Trading Stamp Co., which manifested its willingness to a test of the legality of the tax in the Supreme Court.

The Aldermen were notified by the Mayor that their pay roll had been made up and they could come forward Thursday and receive their checks. Several members were excused from the $4 penalty for non-attendance upon a meeting as provided in the law.

Mr. Johnson asked the Streets and Wharves Committee to haul some sand off the roadway on Sixth, between Castle and Queen streets. Mr. O'Brien explained the troubles of a Streets & Wharves Chairman and

THREATENED TO MOB

Gang of Negroes Would Do Violence to Young Lee Rivenbark, White

EXCITEMENT IN "BROOKLYN"

Attempt to Hold-Up Chief of Police Who Started With Object of Their Wrath to Police Station—Heavy Police Guard.

Last night between 11 and 12 o'clock a riot call came to the police station from Hall's drug store, Fourth and Harnett streets, asking that a squad of police be hurried to the home of Mrs. Maggie Rivenbark, on Harnett, between Fourth and Fifth streets, where a crowd of negroes were skulking around the premises and threatening to do violence to her son, Lee Rivenbark, a young man about 25 years of age, employed as a flagman on the Atlantic Coast Line railroad, between Wilmington and Rocky Mount. The suspicions of threatened violence by the blacks were soon confirmed when Chief of Police Williams, responding to the alarm in his buggy, started back to the City Hall with young Rivenbark and a friend, the purpose being to convey the young man to a place of safety until the trouble blew over. The party in the buggy had proceeded down Fifth street only about a block and a half when a gang of some 15 or 18 negroes ran out from the darkness of trees on the plaza there and shouted to them to halt. Being unarmed for such an emergency, the chief laid whip to his horse, which was already going at a remarkable rate of speed, and escaped the mob. Rivenbark went to the City Hall and Chief Williams immediately summoned nine of the best men on the force, armed them with riot guns and returned with Rivenbark to his home, where he remained under guard of the nine men the ramainder of the night in defiance of the negroes.

The affair caused great excitement in the neighborhood and at the police station. The 'phone message was sent by Mr. J. T. Turlington, of Fayetteville, who with members of his family, are visiting at the Rivenbark home. Sergeant Woolard received the call at the station and in a few minutes Chief Williams was in his buggy and on the way to the scene, summoning the patrolmen on their beats as he passed them. The incident of the attempted hold-up of the party was soon reported at the station and immediately the riot guns of '98 kept at the hall were in the hands of trusted men and the party returned to the scene, prepared to meet any emergency. None, however, had arisen at daylight this morning.

Young Rivenbark was employed last Spring as a cook at the Colonial Inn, in this city, and his being in that capacity considerably enraged some negroes who had made threatening remarks to the young man about taking a colored man's job. Either for that reason or because negroes in Rocky Mount had notified some negroes here to avenge some trouble he had with them there, it is thought they had planned an attack upon him last night. Persons in the house said they had observed negroes skulking around the house since early in the evening and as night advanced, they became bolder in their demonstrations, collecting in considerable number in front of the house. Mr. Turlington hurried to the drug store and subsequent events are as told.

The hold-up of Chief Williams and Messrs. Turlington and Rivenbark occurred at a very dark spot on the street. Chief Williams said four or five, negroes were facing the approaching buggy, standing in the street, while fifteen or twenty others, seated on the plaza, ran out when the buggy came up, calling in a threatening manner "Halt!" and using oaths. Chief Wi.. ..ms was unable to tell in the dark.. whether they were armed. Alderman Johnson asked that after 8:30 o'clock at night Section 38, of the ordinance, be enforced against the parade of vice on the streets by women of questionable character, the fine attached being $25. Mr. O'Brien indulged in some little cutting pleasantry with Mr. Johnson about the difficulty of knowing just how and when to apply the ordinance and the matter finally went over to the Ordinance Committee with power to act.

No protest having been entered to the plat of assessment of property for the North Fourth street paving, the computation of the assessments by the City Engineer was adopted and the Mayor was instructed to enforce collection.

Alderman Price called attention to the useless noise made by street cars at Front and Princess streets late at night and the Mayor forthwith ordered the chief of police to abate the nuisance.

It was ordered that the city proceed at once to pave Water street, from Dock to Ann, with Belgian block and that the property owners and railroad be required to pay their proportionate share of the cost of the improvement.

The usual monthly reports of departments were submitted and placed on file.

COTTON MANUFACTURING GOING AHEAD.

The Savannah News makes these interesting observations concerning the cotton manufacturing industry in the South:

"The impression prevails, and it is doubtless a correct one, that the building of cotton mills in the South has received a check, due to the difficulty of getting labor. The labor supply available for mills purposes appears to be pretty nearly exhausted.

"The report of Mr. Hester, secretary of the New Orleans Cotton Exchange, shows, however, that there was a very considerable increase in the amount of cotton taken by the Southern mills during the past business year. This would seem to indicate that while so many mills are not being built every year as there was a few years ago, the capacity for manufacturing cotton goods is being enlarged with great regularity.

The number of bales taken by Southern mills for the season of 1903-4 was 1,819,209 and for the year just closed it was 2,117,920, an increase of almost 300,000 bales. If the increase were as great every year it would take only a little more than thirty years for the South to manufacture pretty nearly the whole of her cotton crop, provided there was no increase in the volume of the crop.

"But there is going to be an increase in the average size of the crop. There is no doubt about that. New lands will be brought under cultivation and old ones will be made more productive.

"At present the South, as a rule, is manufacturing the coarser grades of goods. She ought, more and more, to give her attention to the manufacture of the finer grades, because there is a greater profit in them, and they require a class of labor that earns better wages. There are of course a good many mills that turn out the better class of goods, but there is no good reason why there should not be a great many more. If the South is to get rich, and there is no reason why she shouldn't, she should put as much capital as she can into factories taht turn out the best goods that are made out of cotton.

"The reason that she has given the most of her attention to the coarser grades is that she has lacked capital to engage in the manufacture of the finer grades and she lacked the labor. She has the capital now and there ought to be no difficulty in getting the labor. She should get out of her cotton all there is to be had."

Notwithstanding that the number of new mills being built is not considered as keeping progress with the South's past record, quite a number of larger mills than the average cotton factory have been constructed. Other mills have been doubled in capacity, and that there has been substantial progress is manifested in the large consumption of cotton in our mills. The South now spins more cotton than is consumed in the Northern and Canadian mills.

THE SOUTH'S OPPORTUNITY.

The Star has several times expressed the conviction that the awakening in China to follow the end of the Russo-Chinese war will increase the demand for the South's raw cotton and cotton manufactures. Along this line the New York Commercial says:

"It looks, decidedly and emphatically, as if the greatest opportunity of a generation had come to the American manufacturers of cotton goods in the ending of the Russo-Japanese war as it has—through the intercession of the United States and the kind offices and the optimistic persistence of President Roosevelt. The nation gains a most decided trade prestige as well as an advanced position among the world-powers.

"For nearly two years our exporters in cotton texitles have had a hard, uphill and oftentimes a most discouraging fight to hold their trade in Manchuria and other sections of the Chinese empire. The war was a condition that operated 'dead against' them. They have seen their exports to China fall off more than 30 per cent. in less than twenty months. Meantime the United Kingdom has made her cotton goods trade in the Orient fairly boom, her exports to China alone aggregating nearly $100,000,000 in value during the past year. The British spinners have been buying our raw cotton, turning it into coarse cotton fabrics, shipping them to China and speedily turning them into pounds and shillings at enormous profit to themselves. By a natural right the great bulk of that business ought to be done by the cotton manufacturers of the United States, and more especially by those whose mills stand side by side with the cotton plantations.

"Japan will now exercise a dominant influence in Manchuria, and it is practically unthinkable that she will not aid in advancing American trade interests there, or that the open-door policy will not be applied literally and liberally to American goods throughout the Celestial empire.

"Conditions are rapidly adjusting themselves to the marked advantage of the American cotton spinners over their British competitors. But they must be awake and alert, and more than anything else study the tastes and peculiarities of the Oriental cotton trade and make just what the Orientals want, not what we Americans think they ought to want."

China had not recovered from the Boxer troubles when the Far Eastern war came on to again disturb her equilibrium. Now that the conflict is over Manchuria is to give way to peaceful development, we look for a great revival of trale in cotton with both China and Japan. Even if the Chinese boycott American manufactures they will take cotton goods from England and Germany, and that will mean an increased demand for the cotton produced in the South.

CURRENT COMMENT.

—The main eclipse of the year is coming when North Carolina pulls off the State fair this fall. No question, and no joke, about it. It is going to be the biggest ever.—Raleigh Post.

It is said that the white pine of the North Carolina mountain region reproduces in succession. If the white pine be cut the new growth is white pine. It is said that this is not the case in Michigan or other Northern forests.—Charlotte Chronicle.

—The authors of the Watts bill doubtless thought they knew what they were doing when they framed that law, but it seems it is as unfortunate as the platform declaration on the subject—liable to almost any sort of construction—and the Raleigh Aldermen have constructed it to suit themselves.—Raleigh Post.

—"A number of members of our Congress, including Grosvenor of Ohio and some other statesmen of equal rank, have been listening to the aspirations of the Filipinos for the right to make their own government, and are reported by cable as feeling that it would be cruel to the people of the islands 'to turn them over to theorists and demagogues.' This is a funny world."—Hartford Times (Dem.)

—During the past year the sum of $26,035,377 was paid to Federal pensioners residing in the South. Six hundred and fifty thousand dollars were distributed in North Carolina. Kentucky got the biggest slice of all—$4,036,000. South Carolina has fewer Federal pensioners than any other Southern State, her pay roll footing up only $256,000.—Charlotte Chronicle.

—It was the irony of fate that the words withdrawing Japan's demands should be spoken by a man bitterly opposed to the surrender he was making, even as the man who was pushing the Russian ultimatum to a glorious result was the most prominent opponent of the war in Russia. It was probably a scene without parallel. Witte, who had incurred little less than disgrace by his opposition to the war, had won the only victory gained by his nation, and Komura, who had opposed to the last the terms to which the Mikado had consented, was the man through whose mouth the war had ended.

TWINKLINGS.

—"You say you were discharged from your former place for being industrious." "Yis, mum." "That's very strange. What did you do?" "I went into the cellar one day and dusted the old wine bottles."—New Yorker.

—Mr. Knox.—"You women are forever discussing the bad points of your neighbors. If you'd only gossip about their good points it would be more edifying." Mrs. Knox—"Yes but who'd care to listen to us?"—Philadelphia Press.

—Mrs. Newcoin (engaging her first butler)—"You are sure you understand the duties of a butler and will need no instructions?" Butler—"That's all right me lady. Ivery one will know but what you have been used to a butler all your life."—Houston Post.

—Tramp (piteously)—"Please help a cripple at this festive season, sir." Kind Old Gent (handing him some money)—"Bless me, why of course. Hoy are you crippled, my poor fellow?" Tramp (pocketing the money)—"Financially crippled, sir." —Glasgow Times.

"No," said the spinster, "I never attend auction sales any more." "Why not?" asked the inquisitive person. "Because," explained the spinster, "at the last sale of that kind I attended I saw a friend and nodded to her, whereupon the auctioneer knocked down a patent cradle and asked where I'd have it sent."—Detroit Tribune.

—First Fond Mother (Whose hopes have lately been dashed)—"Our heartiest congratulations on dear Violet's engagement, Mrs. Hookham." Second Fond Mother (whose hopes have been realized)—"Thank you. We are delighted. Captain Norton is such a charming fellow." First Fond Mother—Yes, and so self sacrificing.—Punch.

FROM BIRTH TO OLD AGE

Life is a constant fight against the dangers of disease, and he holds his own the best who keeps his body and its functions in the best working trim.

There are times in every life when Nature gratefully accepts a little aid. She does not want a whipping up for that is inevitably followed by depressing reaction.

In most cases a tonic and alterative properly compounded will afford the required help by promoting digestion, assimilation and reconstruction of tissue and reducing waste of vital nerve forces.

It must not be an alcoholic stimulant—just a vegetable tonic. Meeting these needs and conditions Dr. Pierce's Golden Medical Discovery has been in successful use these forty years and has accumulated a record of cures unequaled in the history of medicine. It is composed of non-alcoholic, glyceric extracts of Golden Seal root, Queen's root, Stone root, Black Cherrybark, Bloodroot and Mandrake root, and by special processes perfected by Dr. Pierce, in his own laboratory, so combined in the most exact proportions, and their medicinal properties preserved without the use of alcohol as to render it a *safe* and *effective* remedy for use in the family without consulting a doctor. Young or old can take it freely as needed, and now that its compostition is published, there is no ground for prejudice against it as a patent medicine or secret medicine. It is neither.

Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. One "Pellet" is a gentle laxative, and two a mild cathartic. Druggists sell them, and nothing is "just as good."

Dr. Pierce's great thousand-page illustrated Common Sense Medical Adviser will be sent free, paper-bound, for 21 one-cent stamps, or cloth-bound for 31 stamps.

THE COTTON MARKET.

New York, Sept. 5.—The monthly cotton report overshadowed all other influences in today's market and caused a very sharp break in prices with little recovery and the market at the close showing a net loss of 23 to 27 points. Sales were estimated 600,000 bales. The opening was firm at an advance of 4 to 10 points in response to higher cables and during the early trading expectations of a government condition estimate around 69 to 70 per cent. caused considerable covering by nervous shorts as well as a scattering demand for long account which was also encouraged by talk of a better demand for spot cotton and reports of a very firm market for cotton goods.

After selling about 15 to 19 points above the closing figures of Friday the markets sagged off 4 or 5 points from the top but attracted little pressure until the report was published when there was a break of about 50 points from the top with October selling down to 10.35; December to 10.40 and January, 10.50 or about eighty points below the highest level of last week. At the decline Wall street bulls supported the market and in the early afternoon there was a rally of 10 or 15 points but later offerings increased again as the bureau figures were circulated. The close was steady in tone with December 11 points, and other active months about 5 to 7 points up from the lowest.

Spot cotton closed quiet 20 points lower; middling uplands, 10.75; middling, 11.00; sales none.

The uniform quality of LION COFFEE survives all opposition.

LION COFFEE keeps its old friends and makes new ones every day.

LION COFFEE has even more than its Strength, Flavor and Quality to commend it. On arrival from the plantation, it is carefully roasted at our factories and securely packed in 1 lb. sealed packages, and not opened again until needed for use in the home. This precludes the possibility of adulteration or contact with germs, dirt, dust, insects or unclean hands. The absolute purity of LION COFFEE is therefore guaranteed to the consumer.

Sold only in 1 lb. packages. Lion-head on every package. Save these Lion-heads for valuable premiums.

JACKSON SPRINGS HOTEL!

THIS favorite Resort of all those seeking rest, health, pleasure, agreeable society and amusements, amid beautiful surroundings, will be found this year more attractive than ever.. The Hotel is now under the management of Mr. Robert Irving, who spares no pains to secure the comforts and conveniences of his guests. The table is supplied with the

The Best the Market Affords

Servants are polite and attentive, and the conveniences include the most modern Sanitary arrangements, with hot and cold water baths, steam heat (in the winter), electric lights, &c.. For the amusements; visitors will find Golf Links, Billiard Room, Bowling Alley, Lawn Tennis and Croquet; an orchestra to furnish music for Hotel and grounds in day, and at the Pavilion for the dance at night. The waters of Jackson Springs, while they stand second in the long list of Mineral Waters in the United States (having taken only the

Silver Medal at the St. Louis Exposition)

Are second to no water in AMERICA in their cures of Indigestion, Dyspepsia, Bright's Disease, and all other Kidney trouble; Female Suffering, Rheumatism, Nervous Debility and all like ailments, as a long list of testimonials will show.. This water is shipped to all parts of the Country, and gives good results from its use, but is used to the best advantage at the Springs, where the delightful and romantic surroundings, the sweet breath of the pines, the purity of the air, are all furnished by nature to assist in the Curative process. SPIRITS TURPENTINE.

—Robert Carter, a negro deckhand on the Norfolk and Southern steamer Hatteras, lost his balance while leaning over the deck rail, fell into the water and was drowned near Washington.

—At Wilson on Monday a little 10-year-old negro named Perry was so badly mutilated by a switch engine at the ice factory and oil mill tracks, that he is not expected to live. He attempted to jump on the engine and his arm and right leg were cut off.

—Raleigh News and Observer: The Governor has no authority to make any day a holiday by proclamation, but Thursday, October 19th will be a public holiday in North Carolina by common consent, and the whole State will be in Raleigh to greet the President.

—Jonathan Robison, one of the most valuable citizens of Reidsville, died Monday evening at 6 o'clock as a result of injuries sustained by a kick from his driving horse Sunday afternoon. The deceased was about 45 years of age, and was a prominent business man of this place.

—The Winston-Salem Tobacco Association held its annual meeting Monday afternoon. President Sterling Smith and the other officers were re-elected. The president's report showed that $17.493,350 pounds of leaf was sold on the Winston-Salem market the past year. It brought $1.392,420.20, an average of $7.95 per hundred.

—Asheville Citizens: Mr. George W. Vanderbilt is the largest taxpayer in the county. His real estate outside of the city is appraised at $1,410,336. . personal property at $122,219. In the city his Victoria residence, his real estate, is taxed at $40,515, and personalty at $9,880. Mr. Vanderbilt will pay on taxes in the city $503.15, and on his property outside the city $15,327.55. a total of $15,830.60.

—Charlotte's only life insurance company, the Eastern, is to be reorganized in all its departments, its capital stock increased to $100,000, and the name changed to The Conservative Life and Annuity Company. The Eastern Life Insurance Company was organized at Washington, N. C., four years ago and was moved to Charlotte a year ago. Local capitalists have taken a large share of the stock of the concern. Captain T. S. Franklin is president of the company and F. M. Dancy of Atlanta, has recently been elected manager. A meeting of the directors will be held Saturday, at which time the organization will be effected.

—Tarboro Southerner: Ex-Senator Fab Whitaker who was here yesterday says the rains are staining cotton. Usually there are nine seed to a lock of cotton. This year there are about seven to eight and this smallness of the size of the boll will make considerable difference in the crop. Regular picking on his place began yesterday. He thinks the crop is more than one-fourth in his section. Some cotton is off one-half, some of one-third, but it is probably an average off something over one-fourth is the Southern part of the county. The price for picking cotton is about 30 cents per hundred. Farmers say that the crop can be picked out at this price just as soon as it would be if twice that rate were paid, and all that is paid over this is needless.—Tarboro Southerner.

EVER WATCHFUL

A Little Care Will Save Many Wilmington Readers Future Trouble.

Watch the kidney secretions.
See that they have the amber hue of health;
The discharge not excessive or infrequent;
Contain no "brick-dust like" sediment.
Doan's Kidney Pills will do this for you.
They watch the kidneys and cure them when they're sick.
Wilmington testimony proves it.
P. C. LeMoyne, contractor, of 223 North Seventh streets, says: "I did not know that the trouble with my back was caused by my kidneys not acting properly, although I noticed the secretions from those organs were dark and very irregular, sometimes free and at other times scanty. I saw Doan's Kidney Pills advertised and went to Bellamy's drug store and got a box. I was surprised at the result, for I have not had backache since I used them."
For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Like Finding Money.

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat, or chest irritation, better act promptly like W. C. Barber, of Sandy Level, Va. He says: "I had a terrible chest trouble, caused by smoke and coal dust on my lungs; but, after finding no relief in other remedies, I was cured by Dr. King's New Discovery for Consumption, Coughs and Colds." Greatest sale of any cough or lung medicine in the world. At R. R. Bellamy drug store; 50c and $1.00; guaranteed. Trial bottle free.

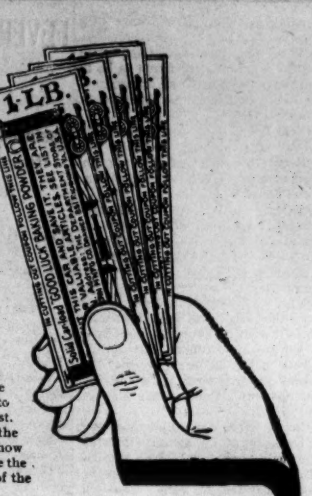
GOOD LUCK
Baking Powder



Buy Good Luck Baking Powder. In so doing you get the *most* of the *purest* baking powder at the *smallest cost.* Furthermore, if you will save the coupons that you will find plainly printed *on the label* of each can, you can get the beautiful premiums we are now offering. Cut out these coupons. They are valuable. It takes but a few of them to obtain some of the numerous useful gifts on the premium list.
A little book inside of every can explains all about the premiums. It shows a picture of each gift and tells just how many coupons are required to get them. Don't fail to save the coupons. Take a delight in your baking and secure some of the charming premiums.

GOOD LUCK
Baking Powder

was established in 1892. The sales have so increased to date, that to-day we are shipping Good Luck Baking Powder in carload lots to every section of the country. The cause of this enormous popularity is plain. In Good Luck, housekeepers get not only a positively pure baking powder of great leavening force, but at a price a little less than they have been accustomed to pay for some other kind that was not as satisfactory in results.
When buying Good Luck think of its *purity* and consider the *good results* obtained from its use. Remember every Good Luck coupon counts for a present. If your grocer doesn't keep Good Luck, send us his name and we will see that you are supplied.

TO KILL THE DANDRUFF GERM.

Is the Only Possible Way of Having An Effective Cure.

If you see a woman or a man with luxuriant glossy hair, you may be sure neither has dandruff to amount to anything. In nearly every case where women and men have thin brittle hair, they owe it to dandruff. There are hundreds of preparations that "claim" to cure dandruff, but not one but Newbro's Herpicide tells you that dandruff is the result of a germ burrowing into the scalp, and that permanent cure of dandruff and its consequent falling and baldness, can only be had by killing the germ; and there is no other preparation that will destroy that germ but Newbro's Herpicide. "Destroy the cause, and you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit Mich.

Are You Engaged?

Engaged people should remember, that, after marriage, many quarrels can be avoided, by keeping their digestions in good condition with Electric Bitters. S. A. Brown, of Bennettsville, S. C., says: "For years, my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once, and finally made her entirely well. She is now strong and healthy." R. R. Bellamy, druggist, sells and guarantees them, at 50c a bottle. **

Attacked by a Mob

and beaten, in a labor riot, until covered with sores, a Chicago street car conductor applied Bucklen's Arnica Salve, and was soon sound and well. "I use it in my family," writes G. J. Welch, of Tekonsha, Mich., "and find it perfect." Simply great for cuts and burns. Only 25c at R. R. Bellamy's drug store. **

PRINTER PALMER WALKS THE PLANK.

As Was Expected, President Roosevelt Has Called for His Resignation From Government Printery.

By Wire to The Morning Star.

Washington, D. C., Sept. 5.—Public Printer F. W. Palmer, practically has been ousted from office. It was learned authoritatively tonight that President Roosevelt had demanded Mr. Palmer's resignation to take effect on the 15th instant.

The demand of the President for Mr. Palmer resignation was due primarily to the latter's action in trying to force Oscar J. Ricketts and L. C. Hay out of the Government Printing Office. Mr. Palmer asked for the resignations of Ricketts and Hay on the ground that they had been insubordinate. The public printer formulated charges against the two men. These charges, it is known, were forwarded to Oyster Bay.

As soon as President Roosevelt learned of the situation that had developed he directed Public Printer Palmer to forward to him his resignation, to take effect in two weeks. The investigation made by the Keep Commission disclosed a serious condition of affairs in the management of the office. Prominent men in the office force were divided into cliques, detrimental to the interests of the government. The evidence created much bitter feling among the men holding high positions in the office. One of the direct results of this feeling was the demand made by Public Printer Palmer for the resignation of Ricketts and Hay. As the Keep Commission inquiry, so far as known, developed nothing to the disadvantage of Ricketts or Hay, the President took the whole matter out of Palmer's hands.

A successor to Palmer has not been selected.

WARD CONTEMPT CASE.

Heard Yesterday By Supreme Court—Decision Expected To-day.

(Special Star Telegram.)

Raleigh, N. C., Sept. 5.—The Supreme Court to-day devoted over two hours to the hearing of the McCown contempt case. W. A. Guthrie, for the petitioner, opened and closed the argument, and said the only question involved was "Has our client been unlawfully imprisoned?" He declared Judge Ward had maintained at all times a judicial temperament and after the assault had been made, was still fair and impartial. Mr. Guthrie contended that McCown could not be punished for contempt as his act had not violated any acts of the Legislature which replaced the common law on contempt. He claimed that attacking the Judge when not in the discharge of his judicial functions was not in violation of any act as none contemplate the protection of a judge when not in the direct discharge of his duties.

Mr. Brooks, the solicitor, opened for the court. He argued that the case involved the integrity and dignity of the courts; he wanted to ask the Supreme Court to say the powers of the courts of North Carolina, a co-ordinate branch of government, could not be abridged and limited by another branch of the government. He cited many decisions of other State courts to show that a judge has an inherent power to punish for contempt, outside of any Legislative enactment. Mr. Brooks said if this petition was granted the marshal on opening the court might well say "God save the State and this Honorable Court."

Mr. Gilmer, Attorney General, for the court, said contempt was involved in the case that there was an inherent power of courts of records to punish contempt summarily and the Legislature had no power to abridge the inherent power of a court to punish for contempt. He cited many decisions to show the court had the inherent power to punish for contempt. A decision in the proceedings will be handed down to-morrow.

AWFUL APTOMOBILE ACCIDENT.

Tragic Death of Lovers Soon To Be Married.

By Wire to The Morning Star

Philadelphia, Sept. 5.—While en route from Atlantic City to Philadelphia today in an automobile Neill Wolfe, secretary and treasurer of an auto company of this city, and Miss Marie Hamill, daughter of a wealthy Germantown shoddy manufacturer, were thrown from an automobile on a bridge over the West Jersey and Seashore Railroad, near Atico, N. J., and hurled 30 feet to the tracks below. Miss Hamill was almost instantly killed and Mr. Wolfe died soon afterwards. The car was driven by F. G. Plummer. He was taken into custody and arraigned before Prosecutor Lloyd, at Camden, N. J., who discharged him after hearing his statement. The accident was due to defective steer gear. It occurred at Hayes bridge, a short distance east of Atlco. Miss Hamill rose to her feet just as the right forward wheel of the auto struck the railing. Mr. Wolfe jumped up and attempted to prevent her from falling. The impact of the machine was so great that both were hurled from the car over the railing to the tracks below. Mr. Wolfe and Miss Hamill were to have been married in December.

TREATY OF PEACE FORMALLY SIGNED

Notable Historic Act Yesterday at Portsmouth Greeted With Naval Salute

NATURE SMILED ON EVENT

Synopsis of Agreement Which Ends Greatest War of Modern Times—Russian and Japanese Plenipotentiaries Exchange Words of

By Wire to The Morning Star.

Portsmouth N. H., Sept. 5.—The treaty of Portsmouth was signed shortly before 4 o'clock this afternoon in the conference room of the naval general store at the navy yard. The firing of a national salute of 19 guns was the signal which told the people of Portsmouth, Kittery and New Castle that the peace of Portsmouth was an accomplished fact, and the church bells in the three towns were soon pealing forth a joyful refrain.

For 47 minutes those outside the conference room anxiously awaited the signal. Suddenly an orderly dashed to the entrance of the peace building and waved his hand to the gunner a few feet away and the opening shot of the salute rang out on the clear air of the soft September afternoon, proclaiming peace between Russia and Japan.

Up to the moment of signing the treaty no word had broken the silence of the conference room. Throwing his pen aside, Mr. Witte without a word, reached across the table and grasped Baron Komura's hand. His conferees followed and the Russian and Japanese delegates remained for a moment in silence, their right hands tightly clasped across the conference table. The war was over—Russia and Japan were once more friends.

This simple ceremony rang true and deeply impressed the attachees and secretaries of the two missions, who with the invited witnesses, had formed a large circle around the delegates sitting at the table.

Baron de Rosen was the first to break the silence. Rising from his seat the ambassador looking Baron Komura and Mr. Takahira straight in the eye, said a few words which one had only to hear to know that they came from his heart. He began by saying he wished on behalf of Mr. Witte, Russia's first plenipotentiary, and in his own name to say a few words:

"We have just signed," continued the ambassador, "an act which will have forever a place in the annals of history." As negotiators on behalf of the Empire of Russia, as well as the Empire of Japan, we may with tranquil conscience say that we have done all that was in our powèr in order to bring about the peace for which the whole civilized world was longing. We earnestly hope that friendly relations between the two empires will henceforth be firmly established and we trust that his excellency Baron Komura, as minister of foreign affairs, and one of the leading statesmen of his country, will apply to the strengthening of these relations, the wide experience and wise statesmanship he so conspicuously displayed during these negotiations, which have now been so auspiciously concluded."

Baron Komura replied that he shared entirely the views of Baron de Rosen. The Treaty of Portsmouth which they had just signed, he said, was in the interest of humanity and clization and he was happy to believe that it would bring about a firm, lasting peace between the two neighboring empires. He begged to assure the Russian plenipotentiaries, that it would be his duty as well as his pleasure to do everything in his power to make the treaty in fact what it professes to be in words—a treaty of peace and amity.

At the conclusion of Baron Komura's remarks, Mr. Witte arose and said he desired to see Baron de Rosen and the Japanese plenipotentiaries alone for a few minutes. The four refired to the Russian office and were closeted for ten minutes. What transpired in that final conference of the peace makers the world may never know. The plenipotentiaries have refused to discuss it even to their secretaries.

Mr. Witte, accompanied by Baron de Bosen and Mr. Planson, left the hotel for the navy yard at 2:30 P. M. The rain which had been falling in torrents for half an hour previous to this time, suddenly ceased, and the sun, which had not been visible for three days, shone forth.

Baron Komura, Minister Takahira and Mr. Dennison, the legal advisor of the Japanese envoys, left at 2:48 in an automobile for the navy yard. They were greeted by the guests of the hotel gathered on the veranda to witness their departure. Bishop Henry C. Potter of New York, was among the number. Baron Komura, pointing at the sun said smiling: "It is a good omen for peace."

Baron Komura had been preceeded by another motor car which carried Mr. Sato and the Japanese secretaries, taking their copy of the peace treaty in a large black leather portfolio.

Both Russian and Japanese missions on their arrival at the navy yard were received at the entrance of the building by Admiral Meade while two companies of marines commanded by Major Moses rendered military honors.

The copies of the treaty of peace brought to the navy yard had been carefully compared by the secretaries of the two missions in order to avoid the necessity of reading them before the signing, at which personage extraneous to the negotiations assisted.

When the secretaries had ascertained the perfect exactness of the two copies of the treaty the plenipotentiaries and the other members of the two missions entered the conference hall accompanied by Assistant Secretary Peirce, Governor McLane, Admiral Meade and the Mayor of Portsmouth

The entire Russian mission, headed by Mr. Witte, attended a thanksgiving service celebrated in Christ Episcopal church both by American and Russian clergymen.

Re-entering the hotel, one of the chief members of the Japanese mission said:

The treatry signed to-day may be the most important historical feature of the Twentieth Century."

The Treaty of Peace.

The peace treaty opens with a preamble reciting that His Majesty, the Emperor and autocrat of all the Russias, and His Majesty, the Emperor of Japan, desiring to close the war now subsisting between them, and having appointed their respective plenipotentiaries and furnished them with full powers which were found to be in form, have come to an agreement on a treaty of peace and arranged as follows:

Article 1. stipulates for the re-establishment of peace and friendship between the sovereigns of the two empires and between the subjects of Russia and Japan respectively.

Article 2, His Majesty, the Emperor of Russia, recognizes the preponderant interest from political, military and economiccal points of view of Japan in the Empire of Korea and stipulates that Russia will not oppose any measures for its government, protection or control that Japan will deem necessary to take in Korea in conjunction with the Korean government, but Russia subjects and Russian enterprises are to enjoy the same status as the subjects and enterprises of other countries.

Article 3. It is mutually agreed that the territory of Manchuria be simultaneously evacuated by both Russian and Japanese troops. Both countries being concerned in this evacuation, their situations being absolutely identical, all rights acquired by private persons and companies shall remain intact.

Article 4. The rights possessed by Russia in conformity with the lease by Russia of Port Arthur and Dalny, together with the lands and waters adjacent, shall pass over in their entirety to Japan, but the properties and rights of Russian subjects are to be safe-guards and respected.

Article 5. The governments of Russia and Japan engage themselves are reciprocally not to put any obstacles to the general measures (which shall be alike for all nations) that China may take for the development of the commerce and industry of Manchuria.

Article 6. The Manchuria railway shall be operated jointly between Russia and Japan at Kouang-Tcheng-Tse. The two branch lines shall be employed only for commercial and industrial purposes. In view of Russia's keeping her branch line with all rights acquired by her convention with China for the construction of that railway, Japan acquires the mines in connection with such branch line which fall to her. However, the rights of private parties or private enterprises are to be respected. Both parties to this treaty remain absolutely free to undertake what they deem fit on ex-propriated ground.

Article 7. Russia and Japan engage themselves to make a conjunction of the two branch lines which they own at Kouang-Tcheng-Tse.

Article 8. It is agreed that the branch lines of the Manchurian railway shall be worked with a view to assure commercial traffic between them without obstruction.

Article 9. Russia cedes to Japan the southern part of Sakhalin Island as far North as the fiftieth degree of North latitude together with the islands depending thereon. The right of free navigation in assured in the bays of LaJerouse and Tartare.

Article 10. This article recites the situation of Russian subjects on the southern part of Sakhalin Island and stipulates that Russian colonists there shall be free and shall have the right to remain without changing their nationality. Per contra, the Japanese government shall have the right to force Russian convicts to leave the territory which is ceded to her.

Article 11. Russia engages herself to make an agreement with Japan, giving to Japan's subjects the right to flish in Russian territorial waters of the Sea of Japan, the Sea of Okohotsk and Behring Sea.

Article 12. The two high contracting parties engage themselves to renew the commercial treaty existing between the two governments prior to the war in all its vigor with slight modifications in details and with a most favored nation clause.

Article 13. Russian and Japan reciprocally engage to restitute their prisoners of war in paying the real cost of keeping the same, such claim for cost to be supported by documents.

Article 14. This peace treaty shall be drawn up in two languages, French and English, the French text being evidence for Russians and the English text for the Japanese. In case of difficulty of interpretation the French document to be final evidence.

Article 15. The ratification of this treaty shall be countersigned by the sovereigns of the two states within fifty days after its signature. The French and American embassies shall be intermediaries between the Japan and Russian governments to announce by telegraph the ratification of the treaty.

Two additional articles are agreed to as follows:

Article 1. The evacuation of Manchuria by both armies shall be complete within eighteen months from the signing of the treaty, beginning with the retirement of troops of the first line. At the expiration of the eighteen months the two parties will only be able to leave as guards for the railway fifteen soldiers per kilometre.

Article 2. The boundary which limits the parts owned respectively by Russia and Japan in the Sakhalin Island shall be definitely marked off on the spot by a special limitographic commission.

TO PURCHASE MILLION BALES

Southern Cotton Association's Plan to Hold Up Prices.

By Wire to The Morning Star.

Asheville, N. C., September 5.—The purchase of a million bales of cotton by the Southern Cotton Association and the withholding of the same for higher prices, is one of the questions to be considered by the association which opens a four days' convention at Kenilworth Inn tomorrow morning. Secretary Cheatham while declining to discuss the plan in detail, stated to the Associated Press correspondent that it would certainly come up for consideration.

When asked if the convention would touch upon the recent exposures in the Agricultural Department Mr. Cheatham said:

"Well, we have passed the resolution stage and we are now doing things. We have, as you know done much, and I believe that the next Congress will do the rest."

Less than a hundred delegates have so far arrived at Kenilworth Inn and for that reason only a preliminary meeting was held tonight to arrange for tomorrow morning session.

Among those occasionally here are former Senator McLaurin, of South Carolina; R. F. Slater and Randolph Lyons, of New York, and R. R. Poole, Agricultural Commissioner of Alabama.

FEVER RECORD IN SOUTHWEST

Pestilence Held Down in New Orleans But Scourging the Neighboring Towns

VICKSBURG BADLY INFECTED

Six New Cases There Yesterday—Awful Condition at Tallulah, La.—Natches' Twelfth Case—Atlanta's Case Proves Fatal.

By Wire to The Morning Star

New Orleans, September 5.—The following is the official report of the yellow fever situation up to 6 P. M. today:

New cases to-day, 32; total cases to date, 2,111.

Deaths to-day, 2; total deaths to date, 294.

New foci, 9.

Cases under treatment, 330.

Cases discharged, 1,487.

Both the deaths to-day occurred on the outskirts of the city.

The worst news from the country districts is now coming from Lake Providence and Tullah, in the northeastern part of the State. The State Board Physician, Dr. Tichenor, arrived at Tallulah Tuesday morning and found twenty cases, several suspicious ones and reported that the infection was general all over town. Lake Providence also reports twenty new cases.

Medical Inspector Brady has reported to President Souchon of the State Board of Health that one of the reasons why fellow fever spreads so persistently in the country is the apparent inability or unwillingness of some physicians to diagnose mild yellow fever. Dr. Brady asked President Souchon to address a circular letter to the physicians throughout the State asking them to recognize mild cases of the disease.

A diamond festival is being arranged here to take place September 16th, from which it is expected to realized a large amount of money for the yellow fever fund. President Roosevelt is to open the event by wire.

City Health Officer Kohnke has written a little to the managements of the various educational institutions telling them under what conditions their schools may be opened later. He has advised against the coming to New Orleans of pupils, who live in uninfected localities, and who are now immune. Every school room will be disinfected once a week.

The convention of the National Liquor League, which was to have been held here in October, it was announced to-day has been transferred to New York.

Atlanta's Patient Died.

Atlanta, Ga., September 5.—Atlanta's only yellow fever case resulted fatally shortly after noon to-day. The patient, J. C. Caruthers, who arrived from Pensacola last Friday, and who was sent to the detention hospital several miles out of the city, died after an attack of yellow fever of a pronounced type. No other cases have reached here, and none is expceted with the vigorous precautions that have been taken to exclude ever suspicious cases from the outside points.

The controversy between the City and State Boards of Health has not developed and new features and the decision of the local board not to quarantine against infected points probably will stand.

Fourteen Cases at Natchez.

Natchez, Miss., September 5.—One new case of yellow fever was reported to-day and three parties were discharged leaving two under treatment. The new patient is a negro woman, living in the same block where the infection was first discovered. There have been fourteen cases to date, but no deaths.

six New Cases at Vicksburg.

Vicksburg, Miss., September 5.—With six new cases of yellow fever to 6 P. M., to-day's record was the worst since the disease made its appearance here. Of the new cases, five are white, one of them a prominent lawyer. They are widely scattered, almost every section of the city apparently being infected. So far there have been no deaths and no one is seriously ill.

Reports from Tallulah, Madison parish Louisiana, eighteen miles west of this city, report a serious state of affairs. There eighteen or twenty cases of yellow fever have appeared within the past few days. A. T. Lane, secretary of the Fifth Louisiana District levee board, died to-day and several others are critically ill. A week ago Dr. Kress gave the town a clean bill of health, but the fever re-appeared last Saturday.

Four More Cases in Pensacola.

Pensacola, Fla., Sept. 5.—Four new cases of yellow fever were reported today all of which are traced from the original infected district. The victims are Judge Boykin Jones; Special Quarantine Officer W. H. Fisher, Fritz Househatter and Horace Rostque.

A number of suspicious cases were dismissed today among which is Percy S. Hayes, city editor of the Pensacola Journal, who is also in the infected district. War on mosquitoes was renewed today and all infected districts are to be refumigated. Parties in the district who desire to go North are escorted to the train by guards and permitted to leave. Cincinnati accepts all the refugees from Pensacola and so wired State Health Officer Porter today.

ASHEVILLE'S MURDER MYSTERY.

Fyod James Arrested for Killing His Brother-in-Law.

By Wire to The Morning Star.

Asheville, N. C., Sept. 5.—Charged with the murder of his brother-in-law, Floyd James was arrested this afternoon and lodged in jail pending a preliminary hearing in the police court tomorrow. James Dougherty was found dead on Sunday morning, August 27 in the hallway of James' house where he boarded. Although there was no external mark of violence an autopsy revealed the presence of two large blood clots at the base of the brain. The coroner's jury returned a verdict of murder against a person or persons unknown, stating that the deceased had been done to death with a blunt instrument. There were no eye witnesses to the deed. The prisoner declares that he is innocent of the crime with which he is charged.

CITY DEPARTMENT REPORTS.

Treasury, Health, Fire and Police Chiefs Submit Statements.

The monthly reports of city departments for August were presented to the Board of Aldermen yesterday afnoon. That of the City Clerk and Treasurer showed a balance of $22,837.08 from July account and receipts during August as follows: Merchants' license, $1,363.65; bar rooms. $2,610; market rents, 272.22; Mayor's court, $226; weighing beef cattle, $16.80; miscellaneous, $179.50; real and personal tax prior to 1904, $433.67; dog badges $3.70; dray badges $17; loans, $5,000; costs on tax prior to 1904, $93.88. Total, $10,216.42; including balance $33,053.50. The disbursebursements were $21,098.61; leaving a balance of $11,954.89 to September account.

The superintendent of health reported during August, 52 deaths, 22 white and 30 colored; 60 births, 23 white and 37 colored. Health officers made 8,510 inspections, did 36 fumigations and issued 1.037 orders for disinfectants. Two cases of scarlet fever, six of smallpox and one of diphtheria were reported during the month; the scavengers attended 2,295 premises and the trash carts collected 1.588 loads of trash. The quarantine against infected points in the South was reported as being rigidly enforced and the superintendent says he apprehends no danger of yellow fever being brought into the city, the quarantine being strong and effective. The report concludes: "The city is free from smallpox at this time, but with the advent of cold weather and influx of labor from the country, I believe that we will have just as much smallpox this Winter as last and the only way to stamp it out is by compulsory vaccination which I have repeatedly recommended."

The Chief of Police reported 137 arrests during the month, 55 of the defendants being white and 82 colored. Sentences of 420 days to the roads and work house during the month and seven were bound to Superior Court under bonds of $450.

Fire Chief Schnibben reported nine alarms during August, all from sparks from the chimney, the fire losses not exceeding $200.

GENTLEMEN OF JURY.

Those Drawn For Three Weeks of Court September 25th

At yesterday afternoon's regular monthly meeting of the Board of County Commissioners the following jurors were drawn for the three weeks of New Hanover Superior Court which will convene Monday, Sept. 25th:

First Week—George Rountree L. B. Rogers, W. J. Morriss. J. H. Williams, E. A. Hughes, R. H. Bowden, J. Frank Maunder, John D. Bellamy, Geo. H. Heyer, J. M. Bunting, T. B. Carroll, L. F. Saunders, E. B. Knight, Wm. W. Michiner, Albert F. Swinson, Decatur E. Castell, F. J. Gooding, J. H. Russell, C. M. Whitlock, Fred. W. Westermann, Jas. H. Gurganus, J. T. Dooley, J. M. Power, B. B. Jackson, Jas. F. Whitaker, H. B. Peschau, S. L. P. Anderson, A. Shrier, Burke H. Bridgers, H. W. Howard, L. W. Davis, J. C. King, J. T. Smith, Jno. F. Garrell, Jno. C. McAllister, R. A. Parsley.

Second Week.—J. G. Kuhlken, D. W. Willis, F. T. Skipper, C. O. Byerly, John McEntee, C. L. Glover, Pete Mohr, Stewart L. Bowen, F. R. King, Geo. H. Hutaff, R. F. Warren, J. L. Sallings, J. N. Fennell, L. O. Ellis, Wm. L. Mallard, E. P. H. Strunck, S. W. Merrell, F. W. Huhl.

Third Week—Louis H. Skinner, J. W. M. Ahrens, Wm. P. Smith, W. J. Meredith, Raymond W. Powell, Woodus Kellum, J. F. Mann, D. C. Love, S. J. Davis, Robt. N. Sweet, J. A. Everett, Jr., Jas. W. Collins, Geo. T. Hewlett, A. L. Dosher, F. L. Morris, Geo. P. Grotgen, Henry Bowden, Roger Moore.

ANOTHER CARNIVAL COMING.

Jr. O. U. A. M. Will Hold Street Fair Here During November.

Application of Messrs. John E. Wood, Walter E. Yopp, G. C. Simmons, Jas. A. Jordan and A. J. Hewlett, composing a committee from the Junior Order of United American Mechanics, asking for permission to hold a street carnival for a week during November, on Market, between Tenth and Twelfth streets, leaving a space for vehicles to pass, was submitted to the Board of County Commissioners at the regular monthly meeting yesterday afternoon. The committee desired to be exempt from all taxation on the grounds that the proceeds be used for charitable purposes.

The application was supported by a signed statement, purporting to be from all the white citizens living on Market, between Tenth and Twelfth streets, stating that they have no objection to the carnival there, provided a space is left for vehicles to pass. The Board granted the application for exemption from taxes, but took the ground that the Commissioners had nothing to do with the location of the proposed carnival, that matter being with the city authorities. At the regular meeting of the Board of Aldermen, also yesterday afternoon, the same petition and statement from property owners was submitted and the permission was unanimously granted without reserve. The exact date of the carnival will be announced later.

MR. B. G. EMPIE WEDS.

Claims as His Bride Mrs. Manie A. Poisson, of Wilmington.

The marriage of Mrs. Manie A. Poisson and Mr. Brooke G. Empie, State Senator from this district and a prominent member of the Wilmington bar, at the home of the bride, No. 308 South Second street, at a quarter to five o'clock yesterday afternoon, was quite a pleasant surprise to the numerous friends of the parties to the marriage vow. The solemn ceremony was happily performed by the Rev. R. W. Hogue, rector of Saint James' parish, in the presence of only members of the immediate families concerned. After receiving the heartiest congratulations of those present, Mr. and Mrs. Empie left in the late afternoon for Wrightsville Sound where they will spend their honeymoon.

Attraction a Failure.

The International Vaudeville Stars, who inaugurated the theatrical season at the Academy of Music last night, were disappointing. The sketch by Flo Irwin and an individual skit by one or two of the others were fairly good, but as a whole the performance did not please the large audience, which rallied for the opening attraction. If the Internationals are all topliners as heralded on the billboards, Good Lord deliver us from the tail-enders.
